

MONOPLANE'S FIRST TRIP UNLUCKY ONE

Glenn Martin Met With Disaster With One Machine, But Other Is Good

GOT OFF GROUND IN STRONG WIND

To Transfer Engine Into Biplane that Made Successful Flights Here

Glenn Martin, who built and gave a successful exhibition of the biplane here, took his new monoplane out Sunday morning at Dominguez for a trial trip, but owing to the strong southeastern wind that was blowing, his machine turned near the ground, and was wrecked.

Martin has been working on the biplane ever since the meet at Dominguez Field at this time last year, and his success is known to every one here. He demonstrated beyond doubt that he had the right machine, and that he could fly it. His exhibition about a month ago at McFadden's field in Santa Ana was successful, and all his friends were more than pleased to see his excellent flights, after he had spent so much time and money at perfecting his machine.

Immediately after making his successful public flight, he dismantled his biplane and set to work on a monoplane, and he got it ready for the meet at Dominguez Field which is now in progress. His unfortunate experience of Sunday morning puts an end to his hopes for the monoplane at this meet.

He went to the field about 9 o'clock, and two hours were spent in getting the machine ready for the flight. There was an extremely strong wind blowing and it was also very cold. At about 11:30, after giving his engine several try-outs to see if it was running in good shape, he took his seat behind the roaring engine. He gave the signal for the mechanics to let go, and the machine started off across the field. There was breathless suspense in the crowd as they watched him shoot along the ground, waiting to see him rise. Gradually he began to rise, and he had gotten about two feet from the ground when the wind became too strong and lifted the left wing of the machine. Being so close to the ground he was unable to manage it, and the wing and runners on the right side were smashed beyond hope of repair for this meet at Dominguez Field. Martin himself was unhurt, and extricated himself from the machinery. He directed the work of taking the engine off, which was to be put on his biplane for competition at Dominguez.

Martin is now at Dominguez with his biplane where he expects to compete. The exact day is not known, but it goes without saying that the best wishes of all his friends for his success go with him.

REPORT IS ABSURD SAYS ROOSEVELT

Ex-President Denies That There Is a Tentative Agreement Between Him and Pres. Taft as to Nomination

NEW YORK, Dec. 27.—"All talk of Taft and I arranging political affairs for 1912 is absurd," Col. Roosevelt said today, replying to a question concerning a report that he had reached an agreement with the President regarding the nomination. "Nothing like that has been discussed," he continued. "So far as the statement is concerned that William Loeb, Jr., became Taft's

lieutenant to apportion the patronage of New York in order to secure the New York delegation for Taft in 1912, I know nothing." The colonel branded as false the statement that there is a tentative agreement of any kind between himself and Taft. He refused to answer the question as to whether or not he would discuss the presidential situation with anyone else.

ORANGE BOOK STORE BURGLAR BEGINS FIFTH TERM IN PRISON

Harry Bancroft, alias Harry Brown, played the innocent to a fare-you-well, and happy indeed was he to go to the penitentiary at San Quentin for fifteen months only. That he played the innocent is known now that it is known that he has served four terms in prison, one of them from Orange county.

Bancroft and a 20-year-old boy named H. C. Sanders, burglarized Bird's Book Store at Orange, stole several dozen fountain pens and hand-mirrors, sold them along the line to San Diego, and in San Diego were caught.

Arrived here, Bancroft acted like a stupid ne'er-do-well. He said it was his first job in burglary. Even after he had cut the screen he kind of lost heart for a few seconds, and ran away. But he regained his courage, and finished the thievery. Judge West held Bancroft for several days, hoping to fathom his manner, and expecting that something might turn up to determine whether or not he was a stupid tramp or a hardened criminal. Nothing turned up, and the judge sentenced him to prison for a term of fifteen months. With two

months credit for good behavior, Bancroft can be out on January 20, 1912.

J. A. Wilkes took Bancroft to San Quentin, and turned him over to the officials of the prison. They had no sooner set eyes on Bancroft than they recognized him as an old offender. They showed Wilkes by the books that Bancroft was then entering upon his fifth penitentiary sentence.

Bancroft was sentenced to one year in San Quentin by Judge Ballard on Sept. 30, 1901. With him went another man who went by the name of George Moore. The two men entered the home of John A. Smith southeast of Anaheim, and stole a number of articles, among them a pair of spectacles and a spool of thread. Sid Smithwick and Tioflo Cervantes arrested the pair in the freight yards in Santa Ana, and found the stolen articles on them.

Sid Smithwick, in telling of the arrest this morning, says that he heard the two men coming along the tracks, holding a heated conversation as to whether or not William Jennings Bryan would eventually be elected president of the United States.

JUDGE IGNORED SEVERE THREATS

Blackmailers Sentenced by a New York Judge for Holding Boys for Ransom

NEW YORK, Dec. 27.—Ignoring threats of violence, County Judge Jewett today sentenced Stanesse Pettanza and Mary Raph, alleged blackmailers, convicted of holding two boys for ransom, for indeterminate sentences for twenty-five years to forty-nine years and ten months in Sing Sing.

The judge is reported to have received letters threatening his life unless he freed the prisoners.

IS EFFECTIVE ON MARCH 1

Order is Issued Concerning Extra-Switching Charges Levied by Railroads

WASHINGTON, Dec. 27.—A suspension order against extra switching charges by Western railroads is announced to become effective March 1, following the consideration of the matter by the Interstate Commerce Commission. The charges in question are complained of by the Jobbers' Association of Los Angeles and San Francisco. The suspension preventing the roads making the change was originally issued to become effective in January. The Santa Fe is fighting the order in the courts.

WILL BRING SUIT AGAINST BIG TRUST

Papers Being Prepared to Disrupt the Electrical Monopoly

WASHINGTON, Dec. 27.—A suit to disrupt the alleged electrical trust will be filed as soon as the papers are drawn, according to Wade H. Ellis, ex-assistant attorney general, who is handling the case. Final action for the preparation of the suit will be taken this week in a conference of Ellis and Wickersham and his associates. The government will await the decisions in the tobacco and oil cases. New issues will be raised in the present case. The electrical companies will be charged with conspiracy in restraint of trade through the operation of patent laws. The General Electric and Westinghouse concerns are said to be the "chief components" of the trust.

EDNA GOODRICH SUES GOODWIN FOR DIVORCE

NEW YORK, Dec. 27.—Nat Goodwin, actor and late partner in the mining stock firm of B. H. Scheffels & Co., recently defunct, has been served again in a suit for divorce. The complainant is Edna Goodrich, who was the fourth Mrs. Goodwin.

Although Mr. Goodwin knew several days ago that the suit was instituted, he avoided admitting it until the facts became known through friends who were present at a recent dinner given by Mr. Goodwin to a select few in commemoration of the incident.

The genial Nat called it a "fourth service dinner," and the invitations that he sent to a dozen or so intimates were so inscribed.

The incident that led to the institution of the divorce suit, it was learned last night, occurred in Toronto, Canada, last Thanksgiving Day.

BELIEVE IT GUN COTTON

Small Bits Discovered Near the Llewellyn Iron Works Add to Suspicions

LOS ANGELES, Dec. 27.—About thirty feet from the southwest corner of the Llewellyn Iron Works, which were partially wrecked early Sunday morning by an explosion from an unknown cause, were found small pieces of what is believed to be gun cotton. This is thought to be the substance used to wreck the building in which the general offices, accounting and billings rooms were demolished. The west half of the wall, built of stout timbers, was blown out into the yard.

Had it not been for the strenuous and well directed efforts of the neighborhood night watchman, assisted by Sergeant Toolen and Patrolman Cahill, there would have been a disastrous fire. They were shocked by the explosion, but speedily recovering, secured water from a near-by faucet, and with buckets of water put out the fire that began to blaze after the explosion. They had subdued the flames before Engine Company No. 19 arrived with the fire apparatus.

The only one who was injured was J. E. Ashbury, aged 50, a negro watchman at the Llewellyn plant, who fell through a hole blown in the floor of the second story, landing, with slight injuries, in the wrecked office below. Windows were shattered in the buildings within two blocks of the Llewellyn building. The jar of the explosion awakened people in Glendale and Hollywood.

The Llewellyn plant is capitalized at \$1,500,000 and its contracts will be hindered by the disaster. The foundry is one involved in the recent iron workers' strike.

TEACHERS BY THOUSANDS ATTENDING CONVENTION

MARTIN FELL IN BIPLANE

AVIATION FIELD, Dec. 27.—Glenn L. Martin of Santa Ana met with a mishap this morning while in the air with his biplane. He was flying well at a height of seventy-five feet when his aeroplane began to fall. Martin succeeded in righting the craft and came down safely. One wing of the machine struck a fence, and the biplane was put out of commission for the day. It will be flying again tomorrow or Thursday. Martin was not hurt.

SAYS AMERICA IS NOT PREPARED FOR WAR

Gen. Wood Declares There is Not Ammunition on Hand For Single Engagement—Proposes Reorganization

WASHINGTON, Dec. 27.—That America is unprepared for war with any first class nation was the testimony of General Leonard Wood before the House committee on naval affairs, made public today. The ammunition at the army's disposal, he said, is insufficient for a single engagement. Other conditions are equally bad.

General Wood explained to the committee his plans for reorganizing the militia. He urged that a more mobile force be ready at all times to take the field.

"There is no use talking about patriotism and fighting qualities," Gen. Wood said. "We have them, but we must remember that the capital was once lost to a force smaller than the defenders, and that it was abandoned by our forces with less than 100 killed and wounded. Disorganization was the cause. In the

Spanish war we lost only 200 volunteers killed in battle, but we buried 4000 who died of disease.

"Our field artillery is totally inadequate and practically useless. If we were called to arms tomorrow, we would be practically without field artillery and artillery ammunition. So far as the sea coast is concerned, we are well fortified. I don't believe any foreign fleet would attempt to enter our fortified harbors unless the object was of tremendous importance. But coast fortifications are useless unless we have a mobile force to supplement them. Opposing forces could seize the ports from the rear."

General Wood advocated the adoption of Hobson's bill providing for a council of defense. He declared such an organization was necessary, when it "comes right down to the matter of men, guns, and powder and shot."

GRAND JURY WILL PROBE LYNCHING

Chitwood Taken from Jail and Shot by Mob—Evidence Given to Judge

SPRINGFIELD, Dec. 27.—A special grand jury to investigate the lynching of Oscar Chitwood, taken from jail and shot by a mob yesterday, was called today by Circuit Judge Evans. He will instruct the jurors to return indictments for everyone connected with the affair.

Evidence in possession of Chitwood's counsel was given to Judge Evans, who will present it to the jury. Chitwood was held for the murder of Joseph Haupt, who it was alleged he had shot.

Shot As Taken From Jail
HOT SPRINGS, Ark., Dec. 27.—While deputies were trying to take Oscar Chitwood, a mountaineer, quietly out of town, 30 masked men overpowered the officers yesterday and shot Chitwood to death.

Chitwood recently was granted a change of venue to Benton, Ark., and was being taken there for trial on a charge of having murdered Deputy Sheriff Jos. Haupt last August.

Haupt was slain when Oscar and Geo. Chitwood started to "shoot up" the town. Geo. Chitwood was killed and Oscar captured and confined in the penitentiary to keep him from a mob's vengeance.

MAGAZINE WRITER IS DROWNED IN FLORIDA

MIAMI, Fla., Dec. 27.—Captain Stuart Bennett, magazine writer, was drowned, and it is believed his wife and Herman Parker, their guest aboard the yacht Phra, are also lost. Bennett's body was found today near Western Banks. He was the owner of the yacht. He lived in New York.

\$60,752.92 CALIFORNIA'S SHARE OF TIMBER SALES

SACRAMENTO, Dec. 27.—Governor Gillett today received \$60,752.92 as California's share of the government timber sales. The money was immediately turned into the state treasury.

The amount represents the twenty-five per cent gross timber sales within the state last year. The money goes into the public school and road funds in the counties where the timber was cut.

JOHN LAFARGE'S WORKS GO TO ART INSTITUTES

NEW YORK, Dec. 27.—All of John Lafarge's paintings and drawings are bequeathed to the Metropolitan, Carnegie and Seattle Art Institutes, according to his will, probated here today. Lafarge became famous first through paintings and decorative windows. He left many mural paintings, chiefly of a religious and ecclesiastical nature.

VESSELS WRECKED ON ROCKY SHORES

Hulls of Scores of Lost Craft Driven in on the Coast of New England

VINEYARD HAVEN, Mass., Dec. 27.—A score of hulls of wrecked vessels have been driven on the rocks at Martha's Vineyard and Nantucket Shoals during the last forty-eight hours. Eight wrecks near Gross Rips alone have been reported. A twenty-masted schooner has been sighted as stranded at Half Moon Shoals, and another on Handkerchief Shoals.

The wreckage of several ships has drifted ashore at Stonehouse and Pollock's Rip, also at Great Point. The fate of the crews of these vessels is unknown. Scores perished.

CHARGES MADE OF BUYING AND KID- NAPPING VOTERS

WEST UNION, Ohio, Dec. 27.—Charges that votes were bought by one party and were stolen by another before they could be cast, were made to Judge Blair today during the hearing of indictments growing out of alleged Adams county election frauds.

Voters from the County Infirmary who had been paid \$5.00 each to vote for the Republican ticket, were kidnapped and given ten dollars to vote for the Democratic, according to the allegation. The voters at the Infirmary, alleged to have accepted the money, are now under indictment. Seven hundred and ninety-eight indictments have been returned and a hundred true bills are expected.

JAPANESE SPY HAD SKETCHES

Military Maps Found in Possession of Brown Man Who Was Arrested at Manila

MANILA, Dec. 27.—A Japanese spy, caught on the fortifications guarding the entrance to Manila harbor, had sketches of the fortifications and military maps in his possession. The military authorities, acting under General Dural's orders, are searching Japanese houses for explosives alleged to be hidden in Manila.

MANY CALLERS VISIT HIS OFFICE

Most of the Executive's Retiring Speech Has Been Prepared

SACRAMENTO, Dec. 27.—Governor Gillett settled down today for a week of unusually hard work before turning over his office to Governor-elect Johnson. He was interrupted many times by callers, who were obliged to wait a greater part of the day before being admitted to his office. He has most of his retiring speech prepared and is still laboring on it. The office force has been busy for several days preparing the biennial report to the legislature.

FARBER, Mo., Dec. 27.—Three trainmen were killed and several passengers injured in a rear end collision of Chicago and Alton passenger and freight trains.

SLIM CROWD AT AVIATION FIELD

Monoplane Starts Out in Endeavor to Make An Endurance Record

DOMINGUEZ FIELD, Dec. 27.—A slim crowd gathered at aviation field today, the threatening weather probably being responsible.

Radley, driving a Bleriot monoplane, ascended and started toward Redondo, presumably trying for an endurance record. Parmelee ascended in a Wright biplane in an endeavor to beat the aerial derby for a purse of \$5000.

Lincoln Beachey, known as the dirigible pilot, made the fastest trials during the early afternoon, in the qualifying rounds for the derby competition. Hoxsey made several trial flights. He announced that he would try no further for altitude unless his record is broken. Radley, after starting for Redondo, returned after a minute's flight. Parmelee, trying for a height record, was forced to descend for repairs. He reached 3500 feet. He announced that he would try again during the afternoon.

CHRISTMAS DAY WITH THE FAMILY HORSE

SAN DIEGO, Dec. 27.—The entire A. P. Marker family are in bed today as the result of a Christmas engagement with the family horse. Herman, the nine-year-old son, rode the animal Christmas morning, fell off and broke his right arm. A score of screams so affected his father while leading the horse to the stall, that he fainted, and the horse kicked out six of his front teeth, cut his head and broke his collarbone. Mrs. Marker ran to her husband's aid, and was severely kicked and cut, but no bones were broken in her case.

from excitement, and this afternoon, when El Paso customs inspectors saw the woodchoppers in the hills five miles west of Jaurez, and sent in a report that revolutionists were marching on that city, many citizens fled to El Paso.

Automobiles rushed the funds of the Jaurez banks to El Paso, one auto bringing \$40,000.

Cars to El Paso could not accommodate the fleeing citizens. Eighty Mexican federal troops, all the Jaurez mounted police and twenty Rurales were rushed in the direction of the supposed rebels.

GENERAL NAVARRO IS IN DESPERATE STRAITS

CHIHUAHUA, Mexico, Dec. 27.—It was learned last night that two battalions of infantry and two light batteries are on their way to relieve General Navarro, who is besieged by the rebel forces near Pedernales. It is feared, however, that the relieving force cannot arrive before Thursday, as the Rosario railroad bridge on the Mexican Central has been destroyed. Navarro is reported in desperate straits.

The revolution has now spread to the western end of Chihuahua, and it begins to look as certain that the campaign will last for months in the region extending from the Rio Grande 400 miles south. A rebel force last night captured Tierra Rica and is now marching west to Los Trancas.

In the attack at Tierra Rica all the Mexican Rurales were either killed or captured. Small bands of insurgents are reported coming from Margarito and Blanco to join the rebel army in Chihuahua.

It is estimated that the rebel strength now in the field exceeds 8000. The main body of the revolutionists is supposed to be still in the neighborhood of Pedernales and in the mountains near Malpaso.

TAFT THANKS SONG BIRD FOR AID FOR FAMOUS SOCIETY

Tetrazzini Has Record Crowds at Two Great Concerts in San Francisco

SAN FRANCISCO, Dec. 27.—Tetrazzini's farewell at Dreamland Pavilion yesterday afternoon made a new record for attendance at indoor concerts, just as her singing at Lot's fountain on Saturday night attracted the greatest throng that ever assembled at a musical event out-of-doors. An hour before the opening of the program every inch of available standing room had been taken and nearly 5000 persons were turned away.

After the concert a crowd of 8000 was waiting outside the pavilion to see the diva come out. At sight of the song bird they broke into cheers and the throng surged along after her auto as it made its way slowly to the hotel.

The program sung by Mme. Tetrazzini was the biggest and best of her triumphant season. She began with the Ophelia mad scene from "Hamlet." The next aria was the Meyerbeer "Shadow Dance" from "Dinorah."

At the close of the concert, Judge W. W. Morrow of the United States Circuit Court called on Mme. Tetrazzini and presented a verbal message from President Taft.

"The President sends thanks for your efforts in behalf of the Red Cross," he said, "and also for your services to the people of the country."

Mme. Tetrazzini and her party will start Wednesday on a concert tour of Portland, Tacoma, Seattle and other northern cities.

FIRE XMAS NIGHT AT PLANING MILL

Griffith Lumber Company Has

Private Water System That Saved Big Plant

The Santa Ana fire department was called out about 10 o'clock Sunday evening to an alarm turned in at the Griffith planing mill. What would have proved to have been the largest fire in the history of Santa Ana, was averted by the automatic fire extinguisher that the milling company has on the ground for such an occasion. As it was, by the time the fire company got out there the fire was under control, and was soon extinguished. There was very little damage done, the cause of the fire has not been ascertained.

The Griffith Lumber Company have a private water system of their own on the grounds. Scattered over the entire grounds are faucets made of babbit metal. These faucets are placed at intervals of about ten feet, and when a fire occurs, the faucet which is close enough to the fire is melted off, and a spray throws water over the section which it is supposed to cover. The fire Sunday night was large enough to melt three of these faucets, before the alarm was given. The fire company responded promptly and soon had the yards out of danger.

Additional Guards As a
Precaution

LONG BEACH, Dec. 27.—The evident renewed activity of the dynamiters in this section has resulted in extra precautions being taken at the Craig plant, where one big steamer is nearly ready to start on her maiden trip and another is under construction. President Craig is one of those who believe in industrial freedom and maintains an open shop. Some weeks ago it was reported that rumors were afloat to the effect that the General Hubbard would never steam into the ocean, but as time has passed it seemed as though the threat was but an idle boast. The crime at the Llewellyn Iron Works Sunday morning has revived fears, and from now on extra precautions will be taken in the way of extra guards and additional electric lighting of the plant. The city maintains regular police in the vicinity of the plant all the time and in addition the ship yards people have a force of watchmen who are constantly on duty.

SHAKE IT OFF

Rid Yourself of Unnecessary
Burdens—A Santa Ana Citizen Shows You How

—Don't bear unnecessary burdens. Burdens of a bad back are unnecessary.

Get rid of them. Doan's Kidney Pills cure bad backs; Cure lame, weak and aching backs; Cure every form of kidney ills.

Lots of local endorsement to prove this.

F. L. Sexton, 1129 West Second St., Santa Ana, Calif., says: "I used Doan's Kidney Pills and can say that I was very favorably impressed with them. Off and on I was troubled by a dull pain in the small of my back and I was of the opinion that the annoyance was caused by weak kidneys. I saw Doan's Kidney Pills highly recommended and was led to try them. Relief soon followed their use and as I continued taking them, great benefit was derived. Another member of my family has also found splendid results from the use of Doan's Kidney Pills. They proved as effective in relieving backache in this case as in mine. I am eighty-four years of age and I am glad that I know of Doan's Kidney Pills, as I can depend upon them to keep me free from kidney trouble."

FOUNDER OF NEWMARK BROS. BUSINESS, DEAD

LOS ANGELES, Dec. 27.—Phineas Newmark, 44 years old, one of the most prominent business men of the city, died early yesterday morning at the Pacific Hospital after an illness of a few days.

Mr. Newmark was a member and founder of the Newmark Brothers' grocery store and was well known in social life as well as in business circles. He was a member of the executive committee of the Merchants and Manufacturers' Association, a Mason, and was a highly respected member of numerous social organizations.

TESTING FIRE CLAY.

The Most Practical Method Is to Literally Eat It.

Fire clay has been in use for centuries, and yet I believe the industry is one which lacks definite laws more than any other, including those which are either modern or ancient and of less prominence. You can go to a manufacturer of steel and specify what you want by actual figures or statements and you can check the product by chemical analysis or mechanical tests and thus make sure you get what you need. The producer knows how to combine certain elements and what quantities of various kinds to combine in order to get a result at least very closely approaching what you call for, but not so in the fire clay business. In the past the most skilled and highest salaried chemists have been employed to make tests, to promote and carry through investigations on the natural product and to study the workings of certain manufactured and elaborated articles derived therefrom. The result has been, generally speaking, confusion worse confounded. Two professors, working at similar times on brick or clay obtained from the same source and manufactured under exactly equal conditions, have recorded diametrically opposed conclusions! The same scientists at different periods have reached vastly varying conclusions when testing identical qualities and shapes of bricks, so can you wonder if a prominent fire clay manufacturer should exclaim, as I heard one on an occasion after having the above experience, "All tests of fire clay are empirical, and I would sooner trust our superintendent to pick and select his clays in the old fashioned way than pay a high fee for a highbrow's recommendations?" The chief method of testing fire clay by a practical man is literally to eat it. He can detect grit and sand best by that method, and a good fire clay (free from silica, quartzite or flint clay) is free from grit. His only other personal test is by experiment.—Engineering Magazine.

A CHINESE BANQUET.

Culinary Mysteries That Bewildered an Englishwoman.

One moment we were eating ducks' eggs whose blackened, lime flavored whites indicated that their age was unimpeachable; the next we were grappling with sea weeds, macaroni and the slippery sharks' fins that eluded our clumsily manipulated sticks. Now we tackled—not without fear—unknown meats and vegetables cooked in sugar, fresh shrimps, mushrooms from Mongolia, young bamboo sprouts, pigeons' eggs and a hundred different foreign tasting messes. Then clean plates were given to us, and bowls of sickly pink sirup, sweet potato and Indian corn cakes of dusky hue were set before each one. These were only crevice fillers and concluded the first and lighter portion of the repast. Now came the real substantial meal, where in every dish had an accompaniment of smaller ones, containing gravies, etc., in which to dip the morsel taken from the central bowl.

There was stewed duck cooked without salt, roast sucking pig, forcemeat balls and chicken; there were soups of birds' nest, of mushroom, of vegetables and of sea slugs. There was grilled fresh water fish, which, according to custom, was helped from the top side only, for the Chinese remembers his servant. And, finally, at the conclusion the inevitable small bowl of rice and rice water was set before each person.

After some three hours, with a feeling of thankfulness that all was over, pipes, cigarettes and tea were served, and it seemed to me that the delicious aroma which rose from the latter soothed our senses and almost dispelled the antipathy that had been growing on us for all things Chinese.—Mary Moore in London Express

The Kind Needed.

"Dear me," said the first young woman, taking her initial lesson in golf, "what shall I do now? This ball is in a hole!"

"Well, let me see," said her companion, rapidly turning the leaves of a book of instructions. "I presume you will have to take a stick of the right shape to get it out."

"Oh, yes; of course," was the somewhat cynical reply. "Well, see if you can find one shaped like a dustpan and brush."—New York Tribune.

Kissing in Iceland.

Among old time laws against kissing those of Iceland appear to have been the most severe. Banishment was the penalty laid down for kissing another man's wife, either with or without her consent. The same punishment was enforced for kissing an unmarried woman against her will; if it could be proved that she had consented to be kissed the offender was still liable to a fine of a great quantity of cloth for each offense.

A Startling Reply.

An English country bookseller sent to London for a copy of a book called "Happy Husbands." The work was out of print, but the wholesale agent certainly might have intimidated the clerk differently. He replied that "There are no 'Happy Husbands' in London."—London Tit-Bits.

Dr. Cook's Confession

From Dr. Cook's latest photograph taken at Poughkeepsie, N. Y., November, 1910, for "Hampton's Magazine."
Copyright 1910, Benj. B. Hampton

In the January issue of HAMPTON'S MAGAZINE—the magazine that published Commander Peary's Own Story of the Conquest of the North Pole—Dr. Cook frankly admits that he does not know whether he reached the North Pole or not.

Since the sudden and mysterious disappearance of Dr. Frederick A. Cook in November, 1909 until the publication of this series no word has been received from this man who stood so conspicuously for a brief while before the world, the recipient of unprecedented honors. Why did Dr. Cook disappear? Was not this a tacit admission that he had presented a fraudulent claim to the discovery of the North Pole? Or did he ever possibly believe in himself? Where has he been? What has he done?

In his story—a human document of the most extraordinary interest and importance—Dr. Cook has held up his own naked soul for public examination; has searchingly and mercilessly analyzed the mental processes which preceded his extraordinary actions since his return from that barren world where, he says, "I felt what few men of cities feel"—the tragic isolation of the human soul—a thing which, dwelt upon, must mean madness. I think I realized the aching vastness of the world after Creation, before man was made.

On its own merits, we print Dr. Cook's Own Story in the January issue of

THE NEW WATER ROUTE

It is interesting to note that while New Orleans and San Francisco are fighting for the location of the Panama Exposition, they are at the same time working hand in hand for the success of a shipping enterprise which may mean a great deal to this coast. Late New Orleans papers give accounts of the enthusiastic reception given there to the steamer San Mateo, which has just inaugurated the new freight service by water between the two cities.

This is the service on which Messrs. Bates and Chesebrough have been working and from which so much is hoped in the way of improved rates between the two coasts. They figure on being able to ship by the way of the isthmus on boats, with a transshipment by rail, and still be able to make better time and cheaper prices than the transcontinental railroads.

Judging from the reception given the first boat in New Orleans an excellent start has been made and self interest of the people at both ends of the line should cause them to see to it that these men have every opportunity to prove the complete success of their plan.

VOCATIONAL EDUCATION

A strong effort is to be made to revive the vocational education bill, which was so dear to the heart of the late Senator Dolliver. His successor, Senator Young, is taking a great personal interest in the measure and, if he is elected to fill the unexpired term, will do all he can to secure its passage. The bill provides for state and federal co-operation in maintaining courses of study in the public school systems covering the subjects of agriculture, manual vocations and home economics. Each state will receive its proportional share of five million dollars for agricultural high schools, five millions for high school work in the trades and industries, one million to be used by the state normal schools in preparing teachers for these subjects, and one million and a half to establish extension departments in the state agricultural colleges and those teaching the mechanic arts. The full amount of the twelve million dollar appropriation would not be needed at first, only so much as could be used in preparing teachers. The remainder would wait on the co-operation of the states in the provision of buildings and equipment for the proper carrying on of the work.

DID THE PLOW DO IT?

Tulare county orange orchardists come forward with a new theory that banishes the plow from their groves. That does not mean that they let the weeds and vegetation run riot, but that they find other implements for disposing of them, without stirring the ground too deeply, and for the reason stated in the following dispatch from Porterville:

"As a result of experiments which were conducted this year, two radical changes will be recommended to all members of the association of Porterville district in the orange orchard practice and in the packing and shipping methods.

"Hereafter, it is expected, no grower who is an up-to-the-minute orchardist will allow a plow in his groves, and all weeds and foreign growths will be kept in subjugation through the use of cultivators and harrows. It was learned this year through careful examination that the main roots of the orange trees, extending out between the rows, send up slender filaments of root, smaller than the finest thread, and that just below the surface of the ground these filaments are sometimes numerous enough to form a perfect mat. The use of the plow cuts off these roots and destroys that much of the feeding surface of the tree.

"Orchards from which the plow has been banished the last two years have shown better returns than those in which the old practice obtains. One grower reports an increase of 700 boxes from 10 acres of fruit as a result of the change of practice from the plow system to the cultivator and harrow."

REVOLUTION RAMPANT IN SPANISH HONDURAS

PUERTO CORTEZ, Honduras, Dec. 26.—Unable to suppress the news that another revolution is on the verge of breaking out in Spanish Honduras to overthrow the government established when Jose Santos Yelazco, the one-time dictator of Nicaragua, made Miguel R. Davila president, officials of the government, located here, admit that Puerto Cortez may be attacked at almost any moment.

Preparations made here to fortify the town, heavy purchases of arms and ammunition and the presence here of between 250 and 300 soldiers, show that Senor Davila and his military advisers do not propose evacuating the place without a struggle and, if the government troops do not desert, there is no doubt the invading forces will meet with a warm reception.

LIVED 42 DAYS ON ORANGE JUICE AND DISTILLED WATER

LONG BEACH, Dec. 27.—Mrs. A. Albertson of this city has completed a fast of 42 days, taking only orange juice and distilled water in that time. The fast cured her of a distressing attack of hay fever.

The first three weeks of her fast Mrs. Albertson lost 4½ pounds a week; the last three weeks an average of 3 pounds a week.

The only nourishment she will be allowed for the next fortnight is beef tea.

HEAD OF AMALGAMATED OIL CO. IS KILLED IN AUTO

LOS ANGELES, Dec. 27.—Jacob G. Hanst of 1788 West Twenty-fifth street, for seven years field superintendent of the Amalgamated Oil Company and a prominent oil expert, was killed when his five-passenger automobile was wrecked by a Southern Pacific westbound helper engine at the western city limits of Pomona at 3 o'clock yesterday. Mrs. Hanst was thrown to the ground, but cleared the wheels and was uninjured.

CROSS-QUESTION DOCTORS IN BURKE TRIAL TODAY

SANTA ROSA, Dec. 27.—Grilling cross-questioning of Dr. A. W. Hitt and Dr. Desseau, with bickering by the opposing counsel, were the features of today's session in the trial of Dr. Burke for the alleged dynamiting of a tent at his sanatorium, which was occupied by Luella Smith and her infant son.

It is believed that Dr. Hitt will prove the state's most valuable witness. He occupied the stand the greater part of the day.

BILLY PAPKE BEATEN DOWN IN AUSTRALIA

SYDNEY, N. S. W., Dec. 27.—Dave Smith, middleweight champion of Australia, scored a decisive victory yesterday over Billy Papke, the claimant of the middleweight championship of the world. The fight was given to Smith in the tenth round on a foul. Smith had a lead over Papke in every round, but it was conceded that Papke did not appear to be up to his regular form.

Since his arrival Papke has complained that the climate did not agree with him.

AUTOMOBILE CRUSHES SON OF WEALTHY BEAN GROWER

OXNARD, Dec. 27.—Henry Lewis, son of J. F. Lewis, one of the largest lima bean growers in the state, was killed at 3 o'clock Sunday morning. Lewis left Oxnard shortly before 3 for his home at Camarillo, driving a seven-passenger auto. While going not less than sixty miles an hour near the Bell ranch, four miles from town, the wheels skidded in the sand for ninety feet. The auto turned over and around. Lewis was pinned down by the running board and smothered to death.

REPORTED DEATH OF H. O. CLODFELTER IS NOW CONFIRMED

The report of H. O. Clodfelter's death near Phoenix, Arizona, has been confirmed by an article in the Arizona Republican, which states that Clodfelter was evidently kicked in the head by a horse which he was caring for. When found he was lying unconscious under the horse's head, attached to his wrist by a halter rope. He had evidently been dragged for more than a hundred feet, and died within an hour after being found without regaining consciousness. Part of his skull had been crushed in over his left eye, and an operation was made to relieve the pressure, but the effort to save him failed.

Clodfelter was employed on the county poor farm and had gone out to catch a team for plowing.

The Range News says that Clodfelter, who formerly lived in Tustin, has a mother and sister in Santa Barbara, and that he was engaged to be married to Miss Marie Higgins, now of Wilcox, but formerly of Santa Ana. Clodfelter was highly spoken of in the article in the Republican.

Christmas Dinners

The home of Mr. and Mrs. J. E. Kellogg, at 621 Orange avenue, was the scene of a very happy gathering on Christmas Eve, when their friends and relatives to the number of fifteen came in response to a cordial invitation to help eat turkey.

The parlors were made festive with holly and red roses, while the dining room was decorated with the dainty pepper branches and berries. The place cards were in keeping with the Christmas season and the table looked very beautiful with its snowy linen, shining silver and hand-painted china. The bountiful dinner of turkey and many other good things, down to pumpkin pie and plum pudding, was most appetizing and delicious, and Mrs. Kellogg received many compliments on her skill in culinary lines. During the serving of this splendid Christmas dinner many happy little anecdotes were related and music by the phonograph was also enjoyed.

During the remainder of the evening the guests amused themselves with merry conversation and helping little Evelyn (the baby granddaughter) to enjoy her second Merry Christmas. She toddled about from one to another, showing the toys that old Santa Claus had showered upon her, and stole all hearts by her happy, winsome ways and the sweet Christmas kisses thrown from the little dimpled hand.

The guests who enjoyed this delightful evening accorded them by Mr. and Mrs. Kellogg were: Rev. and Mrs. W. L. C. Samson, Mr. and Mrs. Robt. Cook, Mr. and Mrs. Geo. Smith and son Donald, Mr. and Mrs. Fenstermacher, Mrs. Margaret Reese, Mrs. D. E. Kellogg, Miss Rosaline Kellogg, Mr. and Mrs. E. L. Kellogg and daughter Evelyn.

Miss Mary Anderson was hostess yesterday noon at a turkey dinner in honor of the Anderson family, the dinner being served at the home of Misses Minna and Adda Cowan, at 112 Cypress avenue. There were thirty-three happy guests who sat down to the sumptuous repast, the families represented being from scattered sections, but who are all at

present in Santa Ana.

After the sumptuous dinner, the afternoon was spent in conversation, and talking about the "folks at home in Ohio." Among those from out-of-town who were there were Bruce Collins, who is visiting in Santa Ana for a few days only; J. E. Bunker and wife, of Monrovia; O. H. Anderson, wife and daughter Gertrude, from Los Angeles. The families in Santa Ana present were those of D. L. Anderson, W. W. Anderson, Robt. Anderson, C. C. Collins, Mrs. Elder and two daughters, Nancy and Carrie, who have just recently come from the East; Mrs. Angeline Stewart and daughter, Miss Fanny. There were also Will Cowan and wife, and Herbert Walker and wife.

Mrs. W. S. Yingling was hostess to an elaborate three-course turkey dinner at her Walnut street home Saturday. Covers were laid for eighteen of her relatives, among them her five brothers and three sisters. The dining room was beautifully decorated with asparagus fern, a large jardiniere of poinsettias occupying the center of the table. Smilax and pink Maman Cochet roses beautified the parlor. The dinner was hugely enjoyed by all.

The afternoon was spent by some of the guests in conversation and in recalling of old times. Others spent the afternoon in amusement at the Temple Theater.

Those present were the host and hostess, Mr. and Mrs. Yingling; Mr. and Mrs. John Baker and Mr. and Mrs. Ira Baker of Los Angeles; Mr. and Mrs. James Blee and two daughters, Hattie and Mary, Mr. Silas Baker and Mrs. Radley, recently from Paw Paw, Ill.; Mr. and Mrs. S. Barber of Newport Beach, Mr. and Mrs. J. W. Blee, Mr. and Mrs. J. O. Baker and son Clark, and Mrs. Runyan, of this city.

A very pleasant dinner party was given on Christmas day at the home of Mr. and Mrs. W. L. Duggan on South Sycamore street, the guests being Dr. and Mrs. T. J. Haughton, and their family, Miss Carolyn, Thomas and Wm. Haughton. The rooms were beautifully decorated with holly and, as the day was cool, a cheerful grate fire lent its brightness and comfort to the occasion.

The dinner consisted of all the good things of the season, and the table was decorated with that magnificent Christmas flower, the poinsettia. As

the host, as well as the guests, are natives of the sunny South, true Southern hospitality and good feeling reigned, making the occasion one long to be remembered by those who participated in the festivities.

Mr. and Mrs. E. G. Huntington entertained at a 1 o'clock Christmas dinner yesterday. A Christmas tree was one of the important features of the day, everyone receiving a goodly supply of presents.

Those present besides the host and hostess were Mr. and Mrs. T. F. Tedford and little daughter, Edith, Mr. and Mrs. C. E. Huntington and son, Harold, of Los Angeles, Mr. and Mrs. W. M. Jackson, Mr. and Mrs. L. W. Slaback, Misses Cora and Alice Huntington and Mrs. Sarah Reed of Illinois.

All the children were some excepting Leo Huntington, wife and children, of Rosamond, Cal., who were unable to come down.

A very pleasant gathering was held Saturday at the home of Mr. and Mrs. Lea Warren, 814 Parton street. A splendid three-course turkey dinner was served at noon. The rooms were beautifully decorated with Christmas bells and roses.

Those who enjoyed the hospitality of the Warren home were Mrs. E. P. Reynolds and daughters, Helen and Mary, Miss Jessie Parry, all of Los Angeles; Miss Grace White of San Jose; James Crawford, George Caskey, Mr. and Mrs. James Patterson and daughter, Grace, of Santa Ana.

There was a double celebration on Christmas day at the home of R. H. Meacham, not only the joyous holiday being an occasion for rejoicing, but the natal day of Mr. Meacham giving extra opportunity for festivity. He was forty-three years old, and on the big birthday cake that graced the Christmas dinner were that many candles.

There were seventeen relatives gathered around the appetizing turkey dinner table, and that there was jollity and good cheer goes without saying. Holly berries in all their vividness lent cheerfulness to the already gay scene. Dinner was served at noon. The guests of Mr. and Mrs. Meacham were Messrs. and Mesdames C. E. Grouard, Fred Parsons, Budge Lacy, Mrs. L. B. Pine, Mrs. Nellie Young, Miss Henrietta Young, Misses Louise and Ruth Grouard; J. L. Garnsey, Clarence Meacham, Chas. Young.

Mr. and Mrs. Charles F. Crose were host and hostess at a family Christmas dinner on Sunday when they entertained Mr. and Mrs. W. H. Crose of Long Beach with their little daughter, Helen; Mr. and Mrs. F. C. Rowland and daughter.

At the country home of Mr. and Mrs. G. W. Etchison there gathered last Sunday a happy party of relatives and friends of the host and hostess, who sat down at a most elaborate Christmas dinner that had been prepared by Mrs. Etchison and which was a proof of genuine culinary skill.

At the table, which was prettily decorated with royal poinsettias, geraniums and smilax, were seated Mr. and Mrs. Etchison, Mr. and Mrs. P. G. Etchison, Mr. and Mrs. S. W. Chapman, Mr. and Mrs. Ward and three children.

At the Gardner home on East Washington avenue, Christmas was very pleasantly celebrated by a family dinner, there being present besides Mrs. A. M. Gardner, Harvey Gardner, Misses Ethel and Minnie Gardner, Mrs. L. S. Price of Wilfey, Idaho, a sister of Mrs. Gardner.

An unusually happy Christmas day gathering was quietly enjoyed at the home of Mr. and Mrs. Charles H. Leonard, Jr., at 1408 North Main street.

Mr. Leonard's father, Charles H. Leonard, Sr., of New York, where he is prominently known by his extensive operations in the tea and coffee

trade, recently arrived in California, and reached Santa Ana early Sunday morning. Father and son had not met in nearly four years, and Mr. Leonard, Sr., had never met Mrs. Leonard, Jr., nor the little baby daughter, born here on December 11.

Mr. Leonard's younger brother, Harry Howard Leonard, who is with the Ford Automobile Co. of Los Angeles, arrived with his father. Mr. Leonard, Sr., was very favorably impressed with Santa Ana and may invest in some property holdings in the near future. Mr. Leonard has returned to Los Angeles, where he will make his headquarters during his winter sojourn in California.

Alumni Dance

The third annual S.A.H.S. alumni dance was held last night in Spurgeon's Hall, and was a complete success as a social function. The hall had been especially decorated for the occasion, and with the beautiful array of magnificent gowns worn by the pretty girls present the place was transformed into one of the most pleasing of sights. There were gowns of every tint, delicate in shade for the older ones, those worn by the younger crowd displaying more color. Above all, the girls themselves were the most charming who had ever been together here before, their dainty dressing but serving to show up their natural beauty.

The hall itself was decorated in potted ferns, and palm leaves. Instead of the chairs that are ordinarily used, there were rocking and easy chairs furnished, this helping very much in producing a pleasing and homelike effect.

The music was furnished by the Chapman Orchestra. To say the least, one would have to go a long way to find an orchestra that could furnish better music to dance by than given by this orchestra. Of all the numbers played, Grizzly Bear was the most popular, of course.

The most pleasing feature of the entire evening was the opportunity offered of meeting one's old high school friends. These dances have been continued more for that reason than for any other, and last night the number of old timers who came from out of town was larger than usual.

From the University of California there were Bernard Cope, Will Whelen, Ellis Breeden, Eugene Robinson; from Stanford there were Clyde Whitney and Stanley Visel. Other out of town guests were Ralph Noble, former athletic coach of the high school, now coaching the Los Angeles high school; Dan Thomas, who has been out of school for the last term working in an Idaho mine, but who expects to enter Stanford for the next term; Win Mace from Los Angeles; Marshall Humphrey, who is working at Barker Bros.' Furniture Company, Los Angeles; Ben Kennedy of San Diego, who is visiting Mr. and Mrs. Abe Roberts. Among the out-of-town girls who were there were Misses Staples, Elsie Parker and Katherine Lutz from Pomona College; from Los Angeles there were Misses Marie and Lorita Rouse, Marguerite Nichols and Miss Smith; Misses Florence Sullivan, Ellen Bent, Leslie Roberts and Edith Cole, all of Cumnook school, Los Angeles.

The patrons and patronesses of the evening were W. H. Spurgeon, Jr., and wife, and Clyde Horton and wife.

"Y" Entertainment

The temperance entertainment to be given by the "Y's" promises to be of

the most interesting character. It will include a play and several numbers by a male quartette and is to be given in the Sunday school room of the First Congregational church.

Economics Club to Meet

The second section of the Economics class of the Ebell Club will meet at the home of Mrs. E. B. Burns on Spurgeon street on Wednesday, January 4th, at 2 p. m.

Entertainment at Delhi

A very interesting entertainment was given Friday evening at Delhi in the school house in the way of exercises, songs and music. The Christmas tree was loaded with good things for the little folks and big folks also. Santa Claus was there in all his glory and it was wonderful the way each and all of the children did their part.

Miss Vern Boyd, the teacher of the school, accompanied the singers with music and to her painstaking care and perseverance is due the success of the entertainment.

Dierker's Family Reunion

A reunion of Mr. and Mrs. Dierker's family on South Glassell street, Orange, was held on Christmas day. The reunion was remarkable for the fact that there gathered in Mr. and Mrs. Dierker's home all of their ten children, including six sons and four daughters, all of whom are enjoying good health. There were also assembled at the same time twenty-two grandchildren and great grandchildren, the first time the entire family has been together in twenty years. Two daughters, Mrs. Benne and Mrs. Holston just arrived from Nebraska. One son, Fred Dierker, also from Nebraska, and Albert Dierker, from North Yakama, Washington, Harry Dierker and wife came down from Los Angeles where they reside, while the rest of the sons and daughters live in and around Orange.

At 5 o'clock Mr. and Mrs. Dierker with their ten children sat down to a Christmas dinner. It was a most bountiful spread—everything imaginable to eat. There was a great surprise in store for each member of the family small and large. A mysterious looking pill box was discovered after the dinner at each plate. In the box was a \$20 gold piece, given by Father and Mother. Sons, daughters, daughters-in-law and sons-in-law were all treated alike. The joke was on Albert Dierker, the only unmarried son, because he did not have a wife to draw one of those highly appreciated gold pieces, not so much appreciated on account of it being money, but on account of the personel of the donation and being the occasion of its giving.

After dinner the children turned the surprise on their parents by presenting each of them with a beautiful leather chair.

The house was most beautifully decorated in red and green of poinsettias, Christmas bells and ivy. A delightful program rendered by the members of the family was enjoyed during the afternoon. The evening passed by very rapidly for everyone present, as an immense tree bountifully decorated and heavily loaded with toys and presents held the attention of all.

Talcott Reunion

Mr. Jas. M. Talcott of 1910 North Main street, gave an elaborate turkey dinner Christmas day to his children and their families, Mrs. Raney being in charge of the dinner.

The tables were decorated most appropriately for the season, and all believed that Christmas fairies had lent magic hands in preparing the feast.

The afternoon was spent at the spacious Talcott home, music and conversation speeding away the hours.

The invited guests were: Mr. and Mrs. W. T. Merigold, Mr. and Mrs. S. J. Cornell and son Everett of Los Angeles, Mr. and Mrs. P. G. Beissel, Mr. and Mrs. P. G. Edmunds, Francis and Marjorie Edmunds, Mr. and Mrs. Paul Trickey, Evelyn and Beverly

Special Sale of Ladies' Hand Bags

at
\$5.00

Unusual values for those who can buy NOW.

Before Christmas many ladies told us that they expected to get a new hand bag for a Christmas present, or if not a new bag, then money with which they could and would buy themselves one—Knowing this and wishing to supply as many of these bags as possible, we have gone through our stock and picked out every bag that could by any means be made to sell for as little as \$5.00 and put them all in one lot at that price. There are just 25 of these bags and you can have your choice of any bag in the lot for \$5—Remember we don't say these bags are all \$10 bags—although some of them have sold right here in Santa Ana for that much money—but WE DO SAY—and you will say so too, when you see them—they are the best lot of hand bags at auniform price of \$5 each that were ever offered for sale by any store in Santa Ana. We believe that Five Dollar Gold Piece was meant to be spent with us and we mean to give you exceptional value in return for it. Come down and see these bags—we believe you will not go home without one.

MILLER OF GARDEN GROVE WAS HURT

Horses Plunged and Broke His Shoulder and Dislocated Collar Bone

GARDEN GROVE, Dec. 26.—Mr. Miller was very badly hurt at the Alamos church on Saturday evening after attending the Christmas tree exercises. He was standing at the heads of the horses before starting, when they plunged, knocking him down, breaking his shoulder, dislocating his collar bone and in other ways injuring him about the head. He is getting along as well as could be expected considering his age, which is 73 years.

Do You Think For Yourself?

Or do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

Is there an intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true, natural medicine for the cure of women's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famous medicine is advised.

No other medicine for women's ills has any such professional endorsements by the several schools of practice, as the Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE SPANISH MISSION CHRISTMAS EXERCISES

(Communicated)

The Spanish Mission Christmas exercises were held in the United Presbyterian church on Fourth street last night. Special efforts had been made to get out a large number of the Mexican people of Santa Ana and community and the result was that the church was well filled and almost entirely by Mexican people. It was the largest gathering of the kind ever seen in Santa Ana.

The mission is in charge of C. C. Collins, who is superintendent of the Sunday school and he had the help of Mrs. H. C. Franklin, as well as of many of the Mexican people, members of the Sunday school.

At the opening of the program Mr. Collins introduced Rev. Henrique Vasquez, of San Diego, pastor of the mission church in that city, who took charge of the program.

The exercises were all in Spanish. After prayer by Rev. Vasquez, scripture prophecies in reference to the coming of Christ were read and commented on by the leader. Then followed recitations and songs by the Sunday school. Emanuel Vasquez, a member of the city mission, sang very excellently "The Holy City."

The main feature of the program was the rendering of the cantata "The City of David." The son of Rev. Vasquez presided at the piano and did it well. The parts were taken by eleven young ladies, all from the city missions except two who were from San Diego. These young people all carried their parts well and were suitably dressed to represent the stars and the heavenly messengers. Rev. Vasquez explained the cantata to the audience and made it the occasion to present the gospel message to the audience in a very effective manner.

After the conclusion of the cantata the gifts were distributed, consisting mainly of candies for the children and oranges for the grown people. Altogether the program was well executed and no doubt the seed of the word was sown in much virgin soil and only eternity will reveal the harvest.

Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that "The California National Bank of Santa Ana," in the City of Santa Ana, in the County of Orange and State of California, has complied with all the provisions of the statutes of the United States, required to be complied with before an association shall be authorized to commence the business of banking;

Now, therefore, I, Lawrence O. Murray, Comptroller of the Currency, do hereby certify that "The California National Bank of Santa Ana," in the City of Santa Ana, in the County of Orange and State of California, is authorized to commence the business of Banking as provided in Section Fifty-one hundred and sixty-nine of the Revised Statutes of the United States.

In testimony whereof, witness my hand and seal of office this fifteenth day of December, 1910.

(SEAL)
LAWRENCE O. MURRAY,
Comptroller of the Currency.

NOTICE OF STREET WORK

NOTICE is hereby given, that the Board of Trustees of the City of Santa Ana, on the 5th day of December, 1910, did pass, approve and adopt a Resolution No. 519 of the City of Santa Ana declaring its intention to improve a portion of West Fourth Street, in said City, requiring the construction of an asphalt concrete pavement between the West line of Barton Street and the West line of North Baker Street, according to Specifications for said asphalt concrete pavement, and to order the following street work done, to-wit:

That West Fourth Street, in the City of Santa Ana, between the West line of Barton Street and the West line of North Baker Street, be improved by the construction in the roadway thereof of an asphalt concrete pavement, except along such portions of West Fourth Street between said points where an asphalt concrete pavement has already been constructed to the official line and grade thereof, and except where as is required to be kept in order or repair by any company or person having right-

road tracks thereon. The foundation for said pavement shall be excavated to the proper sub-grade and the sub-grade shall be parallel to and five (5) inches below the finished surface of the work, and all earth and other materials shall be removed from the roadway or filled where necessary to make the sub-grade conform to the specifications thereof.

Upon the road bed prepared and brought to a sub-grade there shall be constructed an asphalt base four (4) inches in thickness after compression, composed of asphaltic cement and gravel.

Upon the asphalt base thus prepared shall be laid an asphalt wearing surface composed of asphalt cement, sand and finely powdered carbonate of lime. Said base and asphalt wearing surface shall be heated and rolled as required by the specifications for said pavement.

All the foregoing work of pavement shall be done according to specifications for said work contained in specifications No. 33 entitled, "For the paving of streets in the City of Santa Ana," and plans, profiles and cross-sections all on file in the office of the City Engineer.

The Superintendent of Streets shall and he is hereby directed to post notice of the passage of the Resolution according to law, and he shall cause a similar notice in substance to be published in said newspaper for two (2) days and to post the Resolution for two (2) days conspicuously, on or near the Chamber Door of the Board of Trustees.

That all proceedings and all work for the paving of said West Fourth Street between said points heretofore are hereby rescinded, repealed and are void. Reference is hereby made to said Resolution No. 519 of the City of Santa Ana, dated, passed, adopted and approved on the 5th day of December, 1910, for further particulars.

Dated City Hall, Santa Ana, California, December 15th, 1910.
C. R. WARD,
Superintendent of Streets of the City of Santa Ana, California.

LONG BEACH P. O. SAFE BLOWN OPEN

LONG BEACH, Dec. 27.—Safe blowers who evidently worked about two hours drilling through a half inch outer steel plate with ordinary drills and a slow brace, and who used nitroglycerine as an explosive after piling up six sacks of flour in front of the door to deaden the noise, blew open the safe in the Long Beach postoffice sub-station No. 3 Saturday midnight and made their escape with \$18 and a few stamp books.

The robbers left their drills and brace at the scene of the robbery. The police have no clew to the identity of the robbers or the direction of their flight.

The substation is located in the grocery store of Rogers & Needham at Anaheim street and Corona avenue, near Zafra Junction. The robbery was not discovered until 9 o'clock Sunday morning, when Oscar Neelham, one of the firm, made a special trip to the store to accommodate a customer.

Yucaipa

Before you buy see me if you are interested in the most beautiful valley in Southern California. This valley, rich in productiveness, has almost unlimited possibilities for the fruit and truck grower. The owner of a five acre lot can make an independent living from berries and vegetables while his apple trees are maturing.

The Redlands people prefer fruit and vegetables grown in the Yucaipa Valley to any other and pay more for the same.

Onions bring from one-half to one cent a pound more than any others on the market. See the land, figure for yourself, and be convinced.
